MediaHub UHD with PoE

teleadapt

SPECIFICATION

The MediaHub UHD supports Power Over Ethernet (PoE) in order to simplify in-wall installations. Now the MediaHub can install flush into drywall, and get power from a compliant Ethernet connection. Power over Ethernet Plus (PoE Plus) or IEEE P802.3at is required in order to supply sufficient power for "fast-charging" mobile devices. MediaHub UHD with POE module provides guests with the most important, and universal mobile connections (USB, Bluetooth, HDMI and Ethernet). Guests can charge mobile devices, play music wirelessly through the TV speakers, play HD video to the TV and access a wired internet connection.

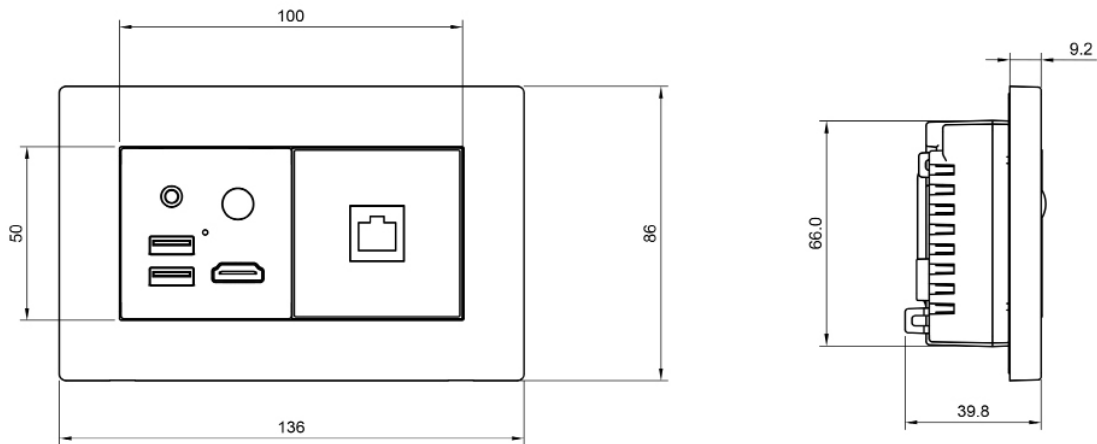

- 4K (2160p) support

- HDMI 2.0 port for displaying your movies, videos and photos on the in-room TV.

- Dual 2.4 amp, 5 volt USB charge port for tablets and smart phones.

  (2.4 amp + 1 amp when used with PoE 802.3af).

- Flush mounts into wide range of furnishings, millwork, casegoods, and partition walls.

- Euroclip standard 50 x 50mm module.

- Bluetooth pairing point for wireless audio playback on the TV speakers.

- Audio jack for audio playback on the TV speakers.

- Automatic input switching via HDMI-CEC for any CEC enabled TV.

- Small footprint and choice of rubberized black or brushed metal finish, provide designer friendly aesthetics.

- Simple installation - 3.5m HDMI cable included.

- Simple Installation - Requires a single HDMI cable run from the MediaHub to the TV, and Power over Ethernet.
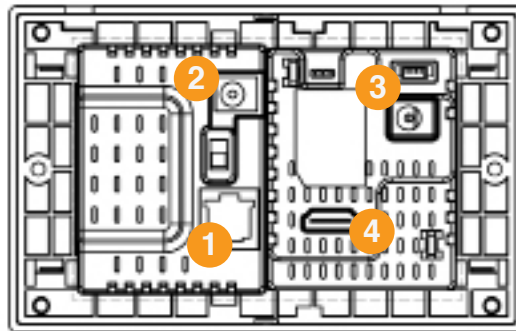

MediaHub UHD with PoE

SPECIFICATION

Dimensions

Connections

1 Ethernet / PoE In
2 DC Power Out
3 DC Power In
4 HDMI Out

Contents

- MediaHub UHD and PoE sister module with guest-facing Ethernet port
- Trim Plate x 2 (black and brushed silver options included)
- DC power cord (barrel to barrel cable to connect MediaHub to PoE module rear)
- 3m HDMI male to male cable (ships separately)

Part Numbers (Parts not shipped assembled)

- MediaHub UHD, TA-3360-50BKP
- POE Module, POE-512VBK01
- 100mm Trim & Carrier
  CKIT-MC-100BK, Black
  CKIT-MC-100SLV, Metallic

MediaHub UHD with PoE

Mounting

Drywall Installation

MediaHub UHD with PoE comes with wood screws and with machine screw and nut. This is all that's typically required for installation in furniture. For drywall installations a junction box is recommended and sold separately. Contact TeleAdapt for moreinformation about recommended junction boxes and mounting plates for drywall applications.
