

SPECIFICATION

The PowerHub E is fully enclosed, corded, and designed to be mounted flush into furniture, millwork, and case goods. Designing guestrooms and public spaces with easy-to-reach power outlets and USB-A charging ports has never been easier. The PowerHub E is fully UL certified and includes tamper-resistant receptacles.

Features

- Provides guests with easy-to-find charging outlets
- Uniquely designed for installing flush into furniture, millwork, or case goods
- High-current/fast-charging USB port supports wide range of portable devices including smartphones and tablets
- Engineered for safety with tamper-resistant receptacles
- Pass-through power plug replaces wall outlet used to install
- Pack includes Brushed Nickel and Rubberized Black trim options
- Additional trim color options Stainless, Champagne, Brass, Rose Gold and Bronze are available separately

Pass-Through Plug

The PowerHub E's pass-through plug allows you to provide more power outlets for guests without using any power outlets itself. (US models only)

Specifications

2 x US AC Outlets 125VAC

1 x USB-A 5V@2.4A (Left)

1 x USB-A 5V@1.0A (Right)

6.5 ft. (2 m) fixed power cord with pass-through plug (US models only)

Different lengths available by request.
